

Madinah - The Radiant City

by Kanti Akhtar

*Dear Madinah, you are the city of shining light,
Grant this unworthy blind an everlasting sight
Your inmates and visitors are always blessed,
You provide deep inner peace to the stressed
Flow of soothing breeze with mountains around,
Joy and bliss one feels here can nowhere be found
All those who come to pray and convey **SALAAM**,
You make their hearts serene, pure and calm
I am no authority, know little of **THE GREAT SOUL**,
But am sure that in universe **he** plays prime role
We can transform earth into paradise I'm sure,
If we follow **PROPHET'S** footsteps with hearts pure
Madinah, I'm speechless, what more can I say,
Please keep us connected to your radiant way*
